Certification Regarding Beneficial Owner(s) of Legal Entity Customer (on next page)

General Instructions:

What is this form?

To help the government fight financial crime, Federal regulation requires certain financial institutions to obtain, verify and record information about the beneficial owners of legal entity customers. Legal entities can be abused to disguise involvement in terrorist financing, money laundering, tax evasion, corruption, fraud and other financial crimes. Requiring the disclosure of key individuals who own or control a legal entity (i.e., the beneficial owners) helps law enforcement investigate and prosecute these crimes.

Who has to complete this form?

This form must be completed by the person opening a new account on behalf of a legal entity with any of the following U.S. financial institutions: (i) a bank or credit union; (ii) a broker or dealer in securities; (iii) a mutual fund; (iv) a futures commission merchant; or (v) an introducing broker in commodities.

For the purpose of this form, a **legal entity** includes a corporation, limited liability company, or other entity that is created by a filing of public document with the Secretary of State or similar office, a general partnership and any similar business entity formed in the United States or a foreign country.

Legal entity does **NOT** include:

- Sole proprietorship,
- Unincorporated associations,
- Trusts not filed with the secretary of state, or
- Natural persons opening accounts on their own behalf.

What information do I have to provide?

This form requires you to provide the name, address, date of birth and social security number (or passport number or other similar information, the case of Non-US Persons) for the following individuals (i.e., the beneficial owners). **A copy of a government issued identification is required for each beneficial owner.**

- (i) Each individual, if any, who owns, directly or indirectly, **20 percent or more** of equity interests of the legal entity customer (e.g., each natural person that owns 20 percent or more of the shares of a corporation); **and**
- (ii) An individual with significant responsibility for managing the legal entity customer (e.g.; a Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Managing Member, General Partner, President Vice President, or Treasurer.

The number of individuals that satisfy this definition of “beneficial owner” may vary. Under section (i), depending on the factual circumstances, up to five individuals (but as few as zero) may need to be identified. Regardless of the number of individuals identified under section (i), you must provide the identifying information of one individual under section (ii). It is possible that in some circumstances that same individual might be identified under both sections (e.g., the President of Acme, Inc who also holds a equity 30% interest). Thus, a completed form will contain the identifying information of at least one individual (under section (ii)), and up to six individuals (i.e., one individual under section (ii) and five 20 percent equity holders under section (i)).

The financial institution may also ask to see a copy of a driver’s license or other identifying document for each beneficial owner listed on this form.

CERTIFICATION OF BENEFICIAL OWNER(S)

Persons opening an account on behalf of a legal entity (corporation, LLC or other similar business entity formed in the US or foreign country) must provide the following information:
