

TEXAN BANK

BANKING TO THE **NTH** DEGREE.

STAY-AT-HOME ORDER ISSUED

In light of the recent "Stay-at-Home" as called by Harris, Galveston and Fort Bend Counties, Texan Bank is reducing the hours our banks are open for business. All of our bank locations will now open at 10 AM and close at 5:30 PM.

All banks will continue to remain open Monday thru Friday, and the previously announced closed bank lobbies will also remain in effect at this time.

Texan Bank is proud of the role we play as an essential business in all of our markets. Our dedicated team members live, work, and raise families in our communities and thus, have a strong desire to serve, especially during these unprecedented times.

Despite this, I believe it is important to limit their hours of possible exposure until this COVID-19 crisis ends.

We sincerely appreciate your patience and understanding, and pray that you and your loved ones will remain safe and healthy during these difficult times.

In closing, I offer that this too shall pass, and we will be stronger and even more resilient as a result.

Kenny Koncaba
CEO
