Return Service Requested

March 25, 2022

Dear Texan Bank Client:

Welcome to Home Bank.

On March 25, 2022, Home Bank and Texan Bank completed the merger that joined these two great companies under the Home Bank name. With shared values and culture, our two banks have come together to offer the best in banking products and services. Home Bank takes pride in being large enough to provide the technology our customers desire while keeping the atmosphere and personal relationships of a community bank that is invested in you.

Founded in 1908 in Lafayette, Louisiana, Home Bank operates 38 locations throughout South Louisiana and in Natchez, Mississippi. Like Texan, our company is made up of bankers who take the time to understand customers' needs. Rest assured that the bankers and lenders you know and trust at Texan will continue to be there for you at Home Bank.

As Texan Bank transitions to Home Bank you may notice a few changes taking place at our offices, including new signage. We look forward to offering you more product options, locations, and services. **At this time, please continue to visit your favorite Texan branches and bank as usual while we prepare for our systems conversion in late June.**

In late May, you will receive a comprehensive Home Bank Welcome Guide. The guide will include details about Home Bank accounts, services and important information related to our systems conversion. Please visit texanbank.com for updates and important information along the way.

Over the weekend of June 25, 2022, Home Bank and Texan Bank's computer systems will merge. Beginning Monday, June 27, you may begin banking at any Home Bank location in Texas, Louisiana, or Mississippi.

We look forward to making this transition a smooth one with little disruption to you. Please contact a Texan Bank banker at 281-276-1800 with any questions. We look forward to hearing from you and appreciate the opportunity to serve you.

Sincerely,

John W. Bordelon
